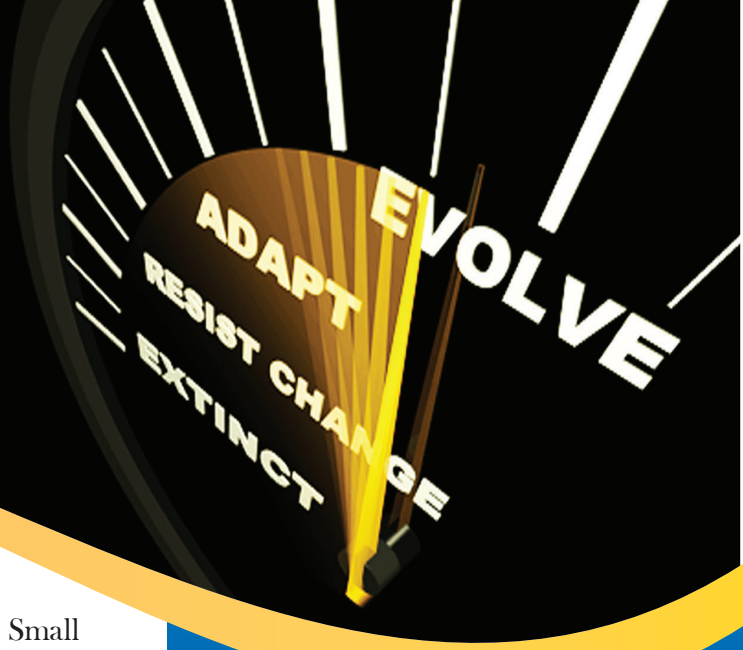
Chevo consulting



Best-in-Class

Federal Management Consulting

Chevo Consulting, LLC (*Chevo*), is a Woman-Owned Small Business (WOSB) that helps *ch*ange and *evo*lve federal agencies, their portfolios, and programs through practical implementation of unbiased advice. We are trusted advisors and practitioners in strategic, portfolio, program/project, and financial management.

Chevo helps clients anticipate and respond to the changing federal environment, implementing changes to achieve measurable results and strategic outcomes. We are among a select few companies trusted by federal clients to access sensitive information and help them solve problems. When issues keep our clients awake at night, they call on *Chevo*'s skilled consultants, proven approaches, and documented past performances to find answers and deliver results. GSA has recognized *Chevo* as a Best-in-Class (BIC) contractor through the award of two OASIS Small Business (SB) prime BIC contracts.

REPRESENTATIVE ENGAGEMENTS

Internal Revenue Service

Provided $80M+ in services to the IRS since 2003, supporting all Business Operating Divisions and 40+ IT projects. Provided PMO, Strategic Planning, Scheduling, EVM, Testing, and CPIC services for 13 major modernization programs and over 27 non-major projects. For the Affordable Care Act PMO, created the Integrated Master Schedule for 16 IRS partners; performed requirements analysis, configuration audits, and integration testing. Provided similar services for 3 major Enterprise IT PMO programs. Supported the e-File program since inception, setting tax form implementation priorities, recommending changes in response to Congressional actions, restructuring program to accommodate budget shifts, integration testing, and providing data analysis to support annual performance audits.

Department of Labor

Established and operated a PMO for the selection and implementation of the core Financial Management System (FMS). Developed the public-private competition within five months; completed the acquisition five months later, including successful protest defense; and oversaw implementation within 18 months of contract award. Transitioned services to provide DOL finance operations, internal controls, A-123, IV&V, and acquisition support.

Department of Justice

Developed an integrated Investment Portfolio Management approach in support of DOJ's Office of Justice Programs for the OCIO, improving the management of the bureau's IT portfolio including compliance with Agency, OMB, and other Federal regulatory requirements. Developed financial modeling tools, improving budget planning, and execution activities to effectively manage procurements and projects. Performed business process optimization, enhancing the organization's ability to track and monitor procurement activities.
